Curriculum vitae · 2026

Martti *Leppmets*

Front-end developer

Front-End Developer with 3+ years shipping responsive, content-managed websites for clients across fintech, iGaming, and digital agencies. Deep WordPress and Elementor expertise paired with modern JavaScript, React, and an eye for design — known for clean handoffs, clear communication, and work that holds up in production.

Experience

Junior Webmaster

Jan 2025 — Present

OlyBet · iGaming · Tallinn, Estonia

- Maintain and evolve the WordPress and custom CMS platforms behind OlyBet's public websites.
- Ship features, performance optimizations and security patches across regional sites.
- Partner with product and marketing teams to deliver UX improvements informed by analytics.

Web Development & Administration Manager

Apr 2024 — Sep 2024

smeGo · Fintech · Tallinn, Estonia (Hybrid)

- Owned front-end development of the marketing site in WordPress and Elementor.
- Administered site operations, plugin architecture, and ongoing performance optimization.
- Turned stakeholder requirements into features and ran iteration cycles with clients.
- Resolved production incidents quickly to keep the site up and polished for clients.

Junior Web Developer

May 2022 — Sep 2023

Logic Technologies OÜ · Agency · Tallinn, Estonia

- Built responsive front-ends in HTML, CSS, JavaScript and React for diverse agency clients.
- Wrote PHP back-end logic; integrated WordPress, Shopify, WooCommerce, ACF and MailChimp.
- Configured Google Analytics and implemented on-page SEO with Yoast and Search Console.
- Produced visual assets in Figma, Illustrator, and Photoshop alongside development work.
- Owned full project lifecycle — requirements, design, build, QA, and client handoff.
